Before offering your clothes, bags, shoes, coats, etc. to a reseller, make sure each item is clean, stain- and scent-free, ironed or polished! (Check your pockets, too...) Remember, you're trying to sell them so presenting them well is in your best interest. If you're not sure what each one trends towards, check out what they usually carry. Do they cater to college students? Trendy young adults? Sophisticated ladies? Research will help you get the most money! Some will pay cash, some will give you credit to shop in their store.
